Veterinary Services

All cattle sold by RL Pastoral and NIOA Pastoral have been veterinary soundness evaluated, semen tested by Wise Repro. Dr Ced Wise – M: 0428718640

Guarantee: All Riverina and NIOA Santa Gertrudis cattle are guaranteed breeders. To ensure the highest degree of confidence with regards to your purchases, all sale bulls are soundness evaluated, semen and morphology tested prior to sale to ensure we have taken every step to ensure your purchases are fit and ready to work. Any claim against the breeding ability of any animal should be made in writing and accompanied by a veterinary certificate within six months of sale. In the event of an animal failing to breed, it may be either replaced with an animal of comparable value or credit will be given to be used at the following sale or on a private sale animal.

Vendor Rebate: The vendors agree to pay 4% rebate to outside agents who introduce buyers in writing at least 24 hours prior to sale, accompany client to sale and settle all accounts in full no later than Thursday 12th September 2024.

A 2% rebate to all agents who introduce buyers at least 24 hours prior to sale and settle in full all accounts no later than Thursday 11th September 2025.

Delivery: All sale cattle will be handled only through the delivery agent (APL Summer Co) and no cattle to be loaded without approval of agents.

No bulls are to be mixed in yards prior to loading, with point of delivery being designated at the Talgai Homestead sale yard facility.

NIOA will work with clients to arrange delivery of NIOA bulls to buyers' property or central convenient location.

Free Freight (Qld and NSW): RL Pastoral will endeavour to deliver Riverina bulls personally where practical at RL Expense (conditions apply).

Settling Agent is Elders. All accounts to be settled with Elders and we ask that the buyers' instruction sheet at the back of the sale catalogue be completed and handed in at the completion of the sale.

NIOA and RL Pastoral bulls have been vaccinated for/with:

- Botulism
- 7-1
- Pestigard
- Vibrio
- 3 day sickness
- Blooded for tick fever (excluding females)

Both herds are rated Johannes JBAS –6.

Online Bidding: The sale will be interfaced by Stocklive. We encourage bidders to pre-register to ensure successful connection and approval to bid.

All lots will be photographed and videoed prior to sale and be able to be viewed on both sale platforms along with the web site pages for NIOA Pastoral and RL Pastoral.

Buyer disclosure: NIOA & RL Pastoral companies are separate business entities.

Welcome

NIOA SANTA GERTRUDIS

NIOA
SANTA GERTRUDIS

Welcome to Talgai Homestead for the fourth annual NIOA RL Pastoral Sale and thank you for taking the time to consider this year's offering.

Our focus at NIOA Santa Gertrudis is on producing superior cattle for performance, fertility, weight for age, temperament and sleek tropical coat – backed by data and selective breeding programs. That has been our vision ever since we established the stud more than a decade ago.

The herd, managed by Shannon Gardner, has been built on elite Australian and American genetics with impressive pedigrees combining balance, structural soundness, and optimum carcase traits yet retaining ideal Santa Gertrudis breed character and phenotype.

An early foundation sire was Wave Hill Jager J14 (PS), a Brisbane Ekka Grand Champion, whose first crop of calves included Sydney Royal Easter Show Champion NIOA Marksman M06 (P) and the highly successful female NIOA Heaven Sent N09.

Current sires include the two 2022 Australian breed record priced cattle Yarrawonga Spartacus S316 (P) and Riverina Roland Sanchez R088 as well as seasoned high-performers Tookey Creek N24 (P) and Benelkay Quechua Q170 (PP).

Over the past decade, we have invested in some of the best stud female bloodlines available in the business sourced from studs including Bullamakinka, Yulgilbar, Goolagong, Glen Oaks, Talgai, Rosevale, Riverslea and Gylanda.

Each animal in this year's catalogue represents years of careful breeding, integrating advanced technologies such as AI, ET, and IVF, to consistently produce cattle that are true-to-type yet aligned with the needs of today's beef industry

As you turn the pages, you will discover a draft that reflects the strength and consistency of our herd.

This year, we're particularly pleased to introduce the first release sale progeny of Yarrawonga Spartacus and Riverina Roland Sanchez. We are excited about the impact these bulls have made on our breeding program and what they have to offer you in both stud and commercial operations.

If you're looking to add proven depth of pedigree to your herd, or seeking that next standout sire, we believe this sale presents a valuable opportunity to invest in the future of your operation.

Whether you're a returning buyer or attending your first sale with us, we appreciate your support and interest. We look forward to catching up with many of you on sale day at Talgai Homestead.

Rob & Eliza Nioa and family

Rob & Eliza Nioa & Family
NIOA Santa Gertrudis

RL Pastoral Company

RL PASTORAL COMPANY

Rob, Lorraine and Andrew Sinnamon extend a very warm welcome to the 2025 NIOA RL Pastoral Sale. To our valued clients (new and old), business associates, friends, and family, we present this year's offering of the best genetics produced from both NIOA and Riverina Santa Gertrudis studs.

This year's draft is the culmination of an extraordinary commitment and investment in producing sale progeny from some of the most elite genetics available globally in the Santa Gertrudis breed.

Together, the Sinnamon and Nioa families have produced a line of cattle of which I am truly proud. We are constantly evolving to meet the needs of our clients and are excited about the direction of our breeding programs. We appreciate your ongoing support and are confident that the new genetic focus of both studs is on track to deliver "Industry Focussed, Commercially Relevant" seedstock.

The Spring of 2025 offers great value for investing in new sires. Now is the time to ensure your bull batteries are complete and ready to cope with what I believe to be an exciting era for the cattle business in coming years. Record prices currently being reflected in the US are breaking ground and augur well for Australian markets globally as supply tightens.

This year, we offer 91 lots in total: 78 bulls – 72 classified (62 poll, including 33 homozygous poll bulls), semen from three of the most exciting bulls in the Santa Gertrudis breed, and 10 poll stud classified heifers.

A total of 9 industry leading sires are represented in the catalogue, showcasing a unique cross-section of bloodlines. Phenotypically we believe these cattle are the "right kind", offering genetic diversity and value for money. Performance data highlights include:

- All lots in the sale are at least bred average for a trait.
- 46 lots are in the top 10% for at least one trait.
- 35 lots are in the top 5% for at least one trait.
- And 12 lots are in the top 1% for at least one trait.

Presale inspections are always welcome. For those unable to attend the on-property event, our sale draft is on video allowing bidding through Stocklive or phone to ensure maximum opportunity for making informed choices.

Once again, thank you for your support, we welcome you to Talgai Homestead for the NIOA RL Pastoral Sale.

Overview

NIOA SANTA GERTRUDIS

NIOA
SANTA GERTRUDIS

NIOA Santa Gertrudis was formed in 2014 following the Nioa family's acquisition of Talgai Homestead on Queensland's Southern Downs.

The Allora-Warwick region has deep historical links to the Santa Gertrudis breed in Australia when 12 bulls from King Ranch, USA were offered for sale in 1952.

It's a tradition we are proud of and one that NIOA Santa Gertrudis is focussed on continuing through its commitment to excellence.

In recent years, we have taken our breeding program to the next level with an investment in meticulously chosen Australian and American genetics to ensure our herd has the perfect blend of performance and commercial relevance.

Leading the "new design" genetic program is the 2022 Australian breed record priced sire Yarrawonga Spartacus S316(P).

This impact sire represents modern industry relevant phenotype, backed by an impressive pedigree that combines balance, structural soundness, optimum carcass traits yet retaining ideal Santa Gertrudis breed character.

Additional notable investments in our pursuit of excellence include the former Australian breed sale-topper Riverina Roland Sanchez R88 (PP).

Purchased for what at the time was the Australian record of \$160,000, this sire represents 75 per cent imported US genetics that provide outcross genetics in this country.

Roland Sanchez was sired by 2019 US sale topper Red Doc Never Better (P) and from the record-breaking \$50,000 Yulgilbar Nightingale (Reserve Champion Cow Brisbane Ekka 2019).

Nightingale was in turn sired by the 2015 US national champion bull 777 Vegas 411(P), while Nightingale's mother was grandsired by the legendary Warena Sahara (PP) who sold for an Australian record \$80,000 in 2007.

Through natural service, AI and IVF, both these bulls have been used heavily since purchase, leaving no stone unturned, in the pursuit of maximising genetic improvements.

Other sires have also been purchased from Benelkay, with industry leading AI sires from the likes of Moongana, Cardona and Canowindra studs.

Our cow herd was originally based on the acquisition of carefully selected females from Glen Oaks, Yulgilbar, Rosevale, Talgai, Bullamakinka, Santalands Goolagong, Riverslea, Tookey Creek and Gyranda studs.

These foundation bloodlines have laid the basis of a most impressive set of NIOA bred females in the herd today.

Not only are NIOA bred females now performing at industry leading levels in the show ring and production wise, but they are also commanding recognition of their quality demonstrated by the 2022 sale of NIOA Lucy Q14 (P) for \$50,000.

Equally, NIOA bred sires are now recognised at top dollar, with NIOA Ronaldo R32 (P) (AI) selling for \$55,000 at our 2022 sale.

NIOA's draft this year is represented by the first release progeny by the Australian record priced bull Yarrowonga Spartacus S316 (P) and Riverina Roland Sanchez R88 (PP) as well as two semen packages.

An aggressive expansion of the best available bloodlines combined with the acquisition of neighbouring properties will enable further development of our stud herd.

NIOA Santa Gertrudis remains focussed on breeding high performance poll cattle that retain power, fertility and soundness for which the breed is renowned – underlining our philosophy “where tradition meets excellence”.

Overview

RL PASTORAL COMPANY

RL Pastoral Company

Owned and operated by RL Pastoral Company Pty Ltd, Riverina Stud #1070 was established in 1977 by Rob Sinnamon.

Originally located on the Sinnamon family property at Harlin in South-East Queensland, Riverina was based on predominantly Robenlea (founded 1970) bloodlines owned by Rob's parents, Ron and Lynley Sinnamon. St Helena and Bolinda Vale females were also acquired in the early years. Riverina was run in conjunction with Robenlea until 1988, with progeny bred, subsequently integrated into this herd as Rob became a partner in the Sinnamon family "Robenlea" Santa Gertrudis business.

The cattle were initially run at "Torryburn" at Harlin (1977-1994), "Dingyarra" at Toogoolawah (1987-2002) and later at "Peek-a-doo", Taroom (1998-2002). Notable cattle produced during this period included, the \$38,500 top price bull at the 1988 annual Robenlea sale – Riverina Jim Beam purchased by Murrumbo Santa Gertrudis Stud. Riverina Julia was also a top female selling privately to Dave Christensen for \$25,000 in 1987.

With the dissolution of the Sinnamon family partnership in 2002, Rob, Lorraine and Andrew Sinnamon moved to manage Yulgilbar Station at Baryulgil in North-East New South Wales for the Baillieu Myer family. A small number of Santa Gertrudis females were moved to Yulgilbar at that time. A top quality Yulgilbar female (Yulgilbar Wine) was subsequently acquired by son Andrew who went on to win Reserve Senior Champion

Cow at the 2005 Brisbane Royal as well as winning multiple interbreed championships throughout Northern Rivers shows. By 2012 Rob and Lorraine began progressively purchasing at auction, several Yulgilbar Stud females and began to build their stud cattle numbers once again.

Riverina was fortunate to be able to sell sale progeny through the Yulgilbar Annual Production Sale, with the stud's cattle regularly among the top money earners at this annual event. Riverina bred bulls topped the 2014 sale and second top money at the 2018 (\$31,500) and 2021 (\$28,000) sales, respectively.

In 2017, Rob and Lorraine Sinnamon purchased the Kyogle district property "Mayfield" as a future base to accommodate the growing number of top-quality stud females. At this time Rob and Lorraine commenced trading their personal business interests as RL Pastoral Company.

Rob Sinnamon has long advocated breeding "industry focused, commercially relevant cattle" right back to his Sinnamon family partnership days at Taroom and the Brisbane Valley.

The Riverina Santa Gertrudis herd has been bred based around this philosophy. Rob's past 20 years' experience as General Manager at Yulgilbar Pastoral Company saw this adoption of breeding cattle based around these criteria, with exceptional success in validating the direction of his breeding objectives through wide success in steer and carcass competitions.

Rob has long applied these values to the breeding program at Riverina, underpinning his convictions and backing his judgment, by continually sourcing and purchasing at auction, (for full disclosure) base genetics for Riverina from the best seedstock cattle he bred at Yulgilbar for the Baillieu Myer family.

RL PASTORAL ADVISORY PTY LTD

Rob operates his advisory services under RL Pastoral Advisory Pty Ltd and is also now available to consult more broadly.

Services offered encompass a wide range of agricultural and pastoral pursuits, drawing on a lifetime of management experience across a diverse range of environments and business. He is ready to assist with property acquisition, business planning, budgeting and property development. Genetic selection and development of cattle programs (of all breeds) that suit your environment and aspirations. Marketing plans, staff acquisition and training are amongst the services offered.

In addition to the purchase of genetics, encompassing the most successful bloodlines from Yulgilbar, Riverina has acquired further top priced females from several Santa Gertrudis seed stock producers at auction including:

Bullamakinka	Diamond H	Kemmis Creek	Tookey Creek	Tyndale
Welbatch	Burramurra	Nangaringa	Gyranda	Jamar

In 2018 longtime client of the Sinnamon family, Clinton Wheatley from Western Australia also approached the growing business and subsequently entered a joint venture with Riverina on several elite females that Clinton has purchased with the resultant progeny through Embryo transfer, IVF and natural production being sold in partnership. Several top-quality females were acquired including Successful show cows – Yulgilbar Mississippi (\$30,000), Yulgilbar Nightingale (P) (\$50,000), NIOA Lucy (P) (\$50,000), Murgona Magenta (\$25,000) and Jamar Ribbon for (\$20,000).

The Spring of 2021 saw Riverina Santa Gertrudis Stud mate 150 stud females.

Embryo transfer and IVF continue to be utilised to multiply high quality genetics, including semen from Red Doc Never Better (USA) sold in the US for AU\$197,000; along with the purchase of embryos from Glen Oaks and NIOA show females.

Sale cattle are available for sale both privately and by auction. In March 2022 saw Rob and Lorraine complete a 20-year term with Yulgilbar Pastoral Company. The Sinnamon family is excited to continue to grow and expand their private business interests, trading as RL Pastoral Company.

In April 2002, Rob and Eliza Nioa (NIOA Santa Gertrudis Stud), along with Rob and Lorraine Sinnamon signed a strategic partnership agreement to market their seedstock in an annual production sale. This sale saw the then Australian record broken for the sale of Riverina Roland Sanchez (R88) (PP) (ET) for \$160,000 and the Riverina draft of bulls averaging \$22,400.

Separately, Rob Sinnamon is also providing advisory services to NIOA, assisting in the ongoing growth of the NIOA Pastoral Company including their seedstock operations and the acquisition of two additional properties adjoining Talgai Homestead.

Andrew Sinnamon returned in 2023 to assist with running the business while also pursuing his other future aspirations.

YULGILBAR NIGHTINGALE N55 (PP)

Reserve Senior Champion Cow Brisbane Royal Show 2019. Purchased for \$50,000 by Clinton Wheatley (WA) with progeny on a half share basis with Riverina Santa Gertrudis Stud in 2019. Sired by 2015 US National Champion bull 777 Vegas 411 (P) mother of lots 5, 7, 19.

SIRES OF THE FUTURE

MURGONA PANTHER (PP)

Sold for \$40,000 to Clinton Wheatley
in 2022

RIVERINA TOWNSVILLE T18 (PP)

Interbreed Champion Bull Inverell Santa
Feature Show 2025
Sired by Yulgilbar Queens Council Q100

RIVERINA U-TUBE U96(IVF)

Grand Champion Santa Gertrudis Bull
North Coast National 2024 Sired by
Yarrowonga Spartacus and from
NIOA Lucy

Inverell Santa Gertrudis Feature Show

Judge: Tim Nichols (Nioka Brahmans)

Exhibited 9 head to win 14 ribbons including 7 championship classes.

- Riverina Townsville T18 (PP) won Interbreed Champion bull.
- Riverina Townsville then paired with NIOA Helena R03(P) to win the Supreme Interbreed pair of the show!
- Riverina Ulysses U68(PP) and Riverina U-Tube U96 (IVF)(PP) paired to win the Interbreed

Santa Gertrudis feature show Riverina were successful winning

- 1st Bull 12-16 month class with Riverina Ulysses U68(PP).
(Also Junior Champion bull.)
- 2nd Bull 16-18months with Riverina UTube U96 (IVF)(PP)
- 1st Bull 24-30 months, Senior, Grand Champion and Interbreed Grand Champion bull – Riverina Townsville T18(PP)
- 2nd heifer under 12 months – Riverina U Sparkle U117(PP)
- 1st heifer 12-16 months – Riverina U Can Do U105 (PP)(IVF)
- 2nd heifer 16-18 months and Reserve Junior Champion heifer – Riverina Unbelievable U33 (PP)

Riverina Townsville T18 (PP) won Interbreed Champion Bull at the Inverell Feature Show

North Coast National 2024 – Lismore

Judge: Martin Lill (Chadwick Downs Braford's)

- Exhibited 8 head to win – 9 Champions, 10 first, 2 seconds, 3 thirds
- 2nd All breeds Senior Champion bull – Riverina Townsville T18(PP)
- 3rd all breeds senior champion cow – Riverina Sparkle S9 (PP)
- 3rd allbreeds breeders group
- Bull 8-12 mths:- Riverina Ulysses 1st, Reserve Junior Champion Bull
- Bull 12-15 mths:- Riverina Utube -1st, Junior and Grand Champion Bull Champion bull
- Bull 20-24 mths:- 1st and Senior Champion Bull Riverina Townsville
- Heifer under 12 months – Riverina U Can Do U105 1st
- Heifer 12-15 mths: 1st Riverina Ugeny U97 and Junior Champion Heifer
- 2nd Riverina Unbelievable and Reserve Junior Champion Heifer
- Female 30 months and over – 1st Riverina Sparkle, Senior and Grand Champion Cow
- Santa Gertrudis Breeders group 1st – (Riverina Townsville, Sparkle, Ugeny)
- Sires Progeny -1st (Progeny of Yulgilbar Queens Council Q100(PP)
- Cow and Calf – 1st Riverina Sparkle
- Supreme Santa Gertrudis exhibit -Riverina Sparkle S9 (PP)

All breeds Heifer show

- Under 8 months - Riverina U-Sparkle 1st
- 8-12 months – Riverina UCan Do 3rd
- 12-14 months-4th Riverina Ugeny – 5th Riverina Unbelievable

Breeders Group North Coast National 2024

Reserve Senior Champion Bull RNA 2024

RNA Brisbane Royal Show (Ekka)

Judge: Tammie Robinson

9 head exhibited to win 12 ribbons

- 4 firsts, 1 second, 3 thirds, 3 fourths
- Reserve Senior Champion bull- Riverina Tomahawk T22(P)
- 1st Breeders Group (10 entries) – Riverina Tomahawk, Tambo, Sparkle
- 1st Sires Progeny Group (9 entries)
- 1st Pair of Bulls (8 entries), (Riverina Tomahawk and Tambo)
- Heifer under 12 months (13 entries) – 3rd Riverina Unbelievable U33(P)
- Bull under 12 months (18 entries) – 3rd Riverina Ulysses U68(PP)
- Bull 18-20 months (13 entries) – 4th Riverina Tuscon T54(PP)
- Cow 30 months and over (12 entries) – 4 th Riverina Sparkle S9 (PP)
- Bull 20-22 months – (17 entries)
 - 2nd Riverina Tomahawk T20(P)
 - 3rd Riverina Taroom T10 (P)
 - 4th Riverina Townsville T18(PP)
- Bull 22-24 months-1st Riverina Tambo T20 (P)
- 2nd Interbreed Herdsman's Competition

A huge thankyou to Bailey Gardener and Sam Falls for their help exhibiting our cattle this past 12 months ! (along with Olivia O'Reily, Gemma Gilliland, Beau White).

Cattle Selection and Breeding Philosophy

Both RL Pastoral Company and NIOA Santa Gertrudis advocate a balanced assessment criteria for cattle selection. This combines visual appraisal for structural soundness, temperament and overall conformation.

Fertility testing and soundness evaluation are considered essential tools. All Riverina bulls are soundness evaluated, manually palpated for crush side semen collection by Ced Wise AB; and morphology tested at Rocky Repro. Rob believes semen and morphology testing should be about assisting the stud master ensuring all bulls offered for sale are fit and ready for work.

NIOA

SANTA GERTRUDIS

RL Pastoral Company

Herd Health

Vaccinated for/ with 7-1, 3-day sickness, vibrio, botulism, pesti-guard and tested negative for Pesti-virus sale bulls are blooded	Prudent consideration of raw measurement data including weight, daily weight gain, frame score, actual scrotal measurement, eye muscle area and fat scans	Full support of the classification system. Both studs undertake to authorise the sharing of dna profiles of lots to the successful purchaser	Both studs are registered with Santa Gertrudis Group BREEDPLAN
--	---	--	--

Riverina Santa Gertrudis was an early adopter of the use of DNA testing including testing for horn/poll, parent verification, and implementation of Single Step genomically enhanced EBV's; along with verification of testing free of Pesti virus through Zoetis, while NIOA Santa Gertrudis DNA profiles are tested through Neo-gen.

Rob Sinnamon believes that selection of extremes should always be approached with caution. He advocates that single trait selection for any characteristic is dangerous and lacks balance in any breeding program. The use of a combination of the many available “tools” for selection in the industry today is valuable and allows the discerning cattle person to be far more informed about livestock selections than ever before.

BREEDPLAN GUIDE TO ANIMAL SELECTION

TIP SHEET

The breeding decisions that a beef producer makes today will have a significant impact on the genetic progress and associated profitability of their herd into the future. Profitability of the herd will be influenced by the number of calves (fertility), the weight of the calves (growth) and the quality of the calves (carcase), less the cost of production. All of these components are influenced by genetics.

With the selection and purchase of an individual breeding animal being a long-term investment, it is important that beef producers take care to select the most profitable animals for their particular production system.

BREEDPLAN BEST PRACTICE GUIDE TO ANIMAL SELECTION

BREEDPLAN recommends using selection indexes (where available) as part of a selection strategy which also includes other selection tools (e.g. EBVs and visual assessment). By initially ranking animals using an appropriate selection index, beef producers ensure balanced selection for traits important to their production system.

The BREEDPLAN best practice guide to animal selection is to:

1. Identify the selection index of most relevance to you.
2. Rank animals using the chosen selection index.
3. Consider the individual BREEDPLAN EBVs of importance.
4. Consider other traits of importance

**For more information on EBVs, scan the QR code for
a complete guide to animal selection by BREEDPLAN**

COMMENTS

The first son of the \$250K Yarrowonga Spartacus to sell! Really admire the tropical content and breed character in this smooth tropical skin sire prospect. Structurally correct with impressive balance and eye appeal. Q23 is an outstanding daughter of Moongana Karachi. She has produced 9 calves and she herself carries an impressive suite of breedplan performance data. A really consistent performer – (8 progeny classified), 3 daughters have been retained in the stud, while V26 (lot 1), V72 (lot 28), V44 (lot 58), and V20 (lot 64) sell in this year's sale. Ranks top 5% for Milk EBV.

COMMENTS

First son of the \$160K Riverina Roland Sanchez to sell! Impressive growth combined with a structurally correct phenotype. Reserve Junior Champion bull at Brisbane Royal in 2024 as a young calf. Tremendous length of body, reproductively clean in the sheath and with stud sire eye appeal. V70 is Q7 first recorded calf. Impressive performance data here places V70 top 1% for 400 day growth and carcass weight, top 5% 200, 600 day, mature cow weight and milk traits.

COMMENTS

Impressive growth for age in this outcross son of Roland Sanchez. Long, deep and thick with desirable shape. He combines structural correctness with eye appeal and performance. V84 is the first calf bred from T13 and is currently in the show string. Ranks top 1% for 200 and 400 day growth ebv's, while top 5% for 600 day, mature cow weight and carcass ebv's.

COMMENTS

Ulysses was Junior Champion at the strongly contested Inverell Feature Show and also Reserve Junior Champion at the North Coast National (Lismore in 2024). He exudes breed character, desirable carcass shape, balance and structural correctness. Has impressed from a calf but continues to grow! M11 has 3 recorded progeny (2 classified). Her sire sold for \$46,000 and was Reserve Junior Champion Bull at the Brisbane Royal Show. His performance data places him in the top 5% breed for 200 and 600 day growth, along with rump and rib fat.

COMMENTS

USA is 75% US outcross genetics. Beautifully balanced and structurally correct; with a clean sheath and made right! Yulgilbar Nightingale was a celebrated show cow winning multiple championships before being purchased by Clinton Wheatley for \$50,000 in 2019. She is sired by the 2015 US National Champion sire in 777 Vegas 411. She has produced 11 calves thru ET, IVF and natural breeding to date. 9 have classified! Commercial bull sold for \$14,000 to Peter Hughes and a show quality heifer recently weaned. 2 daughters have been retained in the stud. Her most celebrated son is Riverina Roland Sanchez (full brother to USA) who sold for a then Australian record of \$160,000. Another son sold to Tasmania last year for \$8000 to the Cresswell family. 3 sons sell in this year's sale as lots 5, 7 and 19. Ranks top 5% for 200 and 400 day growth.

COMMENTS

U94 is the only son of Roland Sanchez to sell this sale account Riverina. Optimum carcass traits here with impressive growth and performance. Clean underline, long bodied and slick coated. NIOA Lucy was a highly successful show female before being purchased by Clinton Wheatley in 2022 for \$50,000. She has produced 10 progeny through both natural breeding and IVF (9 classified and a bull recently weaned). Her first son sold for \$10,000 to Craig Ross at last years sale. Lots 6, 8, 9 and 20 sell in this year's sale while Riverina have retained an outstanding son of Spartacus as a future sire and a daughter has been retained in the herd. Ranks top 5% breed for 200 and 400 day growth along with mature cow weight and also carcass weight.

COMMENTS

Bred in the Purple here. A Homozygous Poll stud sire prospect with tremendous power and performance, coupled with optimum carcass traits, tropical skin type and strong bone. NIOA Lucy was a highly successful show female before being purchased by Clinton Wheatley in 2022 for \$50,000. She has produced 10 progeny through both natural breeding and IVF (9 classified and a bull recently weaned). Her first son sold for \$10,000 to Craig Ross at last years sale. Lots 6, 8, 9 and 20 sell in this year's sale while Riverina have retained an outstanding son of Spartacus as a future sire and a daughter has been retained in the herd at Riverina. V24 was produced by IVF account NIOA. Ranks top 1% for 400 day growth and carcass weight, while top 5% 200 day growth, mature cow weight and milk.

COMMENTS

Love the breed character and outlook in this deep bodied son of Queens Council. Stud Sire material right here. He is a combination of volume, growth and body capacity. Admired for his structural correctness and clean tropical skin type. H111 has 4 recorded progeny (3 classified) with 2 daughters retained in the herd. A son previously sold as commercial bull with U54 to sell this sale. Consistent performance data across all traits suggests this sire prospect is a balanced performer backed by also ranking top 10% breed for terminal and breeding indexes.

Impeccably bred sired by one of the most prolific sires in recent times. An eye appealing stud sire prospect who combines structural soundness, great length of body with a trim sheath. Love the fine tropical skin in this bull! Yulgilbar Nightingale was a celebrated show cow winning multiple championships before being purchased by Clinton Wheatley for \$50,000 in 2019. She is sired by the 2015 US National Champion sire in 777 Vegas. She has produced 11 calves thru ET, IVF and natural breeding to date – 9 have been classified, 1 commercial bull sold for \$14,000 to Peter Hughes and a show quality heifer recently weaned. 2 daughters have been retained in the stud. Her most celebrated son is Riverina Roland Sanchez who sold for a then Australian record of \$160,000. 3 sons sell in this years sale as lots 5, 7 and 19.

COMMENTS

A true combination of productive traits right here!

U70 is the last calf produced by Mississippi before

dying from Green Cestrum poisoning. Long and

deep bodied with great volume. His outlook of a sire,

combined with flawless structure and tremendous

depth of hindquarter extending right down into his

hocks make this one of the good ones! Purchased by

Clinton Wheatley for \$30,000 she was a very fertile

and functional show female rarely beat in the showing

as a heifer. Through ET and natural production she

produced 13 progeny (11 classified) including 3 sons

selling to \$16,000 to average \$11,666. 4 daughters are

retained in the stud and a further 2 were retained by

Yulgilbar in a shared flush after being sold. Ranks top

5% for 200 day and carcass weight.

COMMENTS

New blood! Owned by Andrew Sinnamon. Long bodied and correct. Oozes sire appeal, dark in colour with desirable carcass composition. Love his strength of spine and trim sheath. Really rate this bull! U4 is the first recorded calf from R37 Top 10% for scrotal size, a trait his sire is replicating time and time again.

COMMENTS

V72 is again Homozygous Poll! A lighter coloured bull that is admired for his carcass traits, length of body, clean sheath and tropical outlook! Q23 is an outstanding daughter of Moongana Karachi. She has produced 9 calves and she herself carries an impressive suite of breedplan performance data. A really consistent performer – (8 progeny classified), 3 daughters have been retained in the stud, while V26 (lot 1), V72 (lot 28), V44 (lot 58), and V20 (lot 64) sell in this year's sale. His performance data is impressive ranking top 1% breed for all growth indices, mature cow weight and carcass weight. Also ranks top 10% for yield and terminal index.

Outcross genetics! Commercially orientated and industry focussed! Exceptional carcass traits well illustrated with a defined muscle expression right along his spine. Glen Oaks Kismet is a highly celebrated show female winning multiple Royal Show Championships. Clinton Wheatley purchased the right to flush the cow after purchasing a flush at a Santa Central female sale. Tim and Alison Kirkwood purchased a son by Cardona Patterson in 2023 for \$9,000. Another show bull unfortunately broke his leg before sale, another died as a weaner. 2 classified daughters have been retained by Riverina and Uruguay.

COMMENTS

Good depth of body, clean underline great breed character and a sires outlook. Correct structurally! NIOA KiB was purchased by Clinton Wheatley for \$10,000. She has produced 3 calves (2 classified). A son sold for \$5,000 at last years sale. Ranked top 1% for 200 day growth and top 5% for 400, 600 day growth and carcass weight.

COMMENTS

V46 is a horn bull deep bodied with capacity volume and breed character, desirable testicular development. NIOA Macey R28 is a superbly balanced, structurally correct, moderate frame matron who stood second in the senior cow class in Brisbane in 2022. She has produced 9 calves to date through natural production and ivf. Clinton Wheatley purchased a flush in 2022 for \$8,000 with 3 show quality daughters being retained in the Riverina herd under a shared production agreement. 3 top quality daughters have been retained in the stud by NIOA while V46 sells this sale. Ranks top 1% for 400 day growth.

COMMENTS
New blood. A standout herd sire prospect. U6 was not eligible for classification due to his mother not being classified due to a few white hairs on her nose so he sells as a herd bull. A really industry focussed and commercially relevant sire showing the consistent phenotype of his \$250K sire.

COMMENTS
Youngest bull in the sale! A long bodied, deep flanked sire prospect with a soft dark skin type! U92 mother was a successful show female before being purchased at the Brisbane Valley Sale for \$7,500. She has had 5 recorded progeny (4 classified with a heifer recently weaned), 2 daughters retained in the stud. A bull sold at last years sale to the Booth family from Bingara for \$7,000 while U92 sells this sale.

COMMENTS
V18 displays good spring of rib, ideal muscle pattern in an earlier maturity patterned shape! R36 has produced 8 calves (6 classified). Her first natural bred son sold for \$9,000 at last years sale, 2 daughters have been retained in the stud with another 2 heifers being commercial. 3 sons sell in this years sale – V18 (lot 74), V34 (lot 25), V52 (lot 45). Ranks top 5% for 200 and 600 day growth and carcass weight, milk and scrotal size, presenting a balance suite of performance traits.

A once in a lifetime sire! Already a trait leader for growth indices and importantly is delivering the goods! 75% outcross (USA genetics). His sire at the time of sale sold for an equivalent of \$197K (AUD) and his mother was sired by the 2015 US National Champion Sire 777 Vegas 411(P) Sold for \$160K in 2022. The Australian blood component reverts back to the then Australian record holder in Warenda Sahara (PP) First release semen sold last sale to Dangarfield for \$1,000 per straw. Semen package of 10 straws sell with 10 registrations. His flawless structure, growth and soundness make this sire a "go-to"! Seldom do you see a sire that repeats his own phenotype with such precision. Add homozygous poll and this bull is a rare find! His first son shown was Reserve Junior Champion Bull at Brisbane Royal in 2024 (at 10 months).

COMMENTS

Purchased by NIOA (7/8 share) and RL Pastoral (1/8 share) for what remains the current Australian Record price Santa Gertrudis bull selling for \$250,000 in 2022. Offering 10 straws and 10 registrations. A grandson of the legendary Yarrowonga Corvette, Spartacus epitomises the modern day Santa Gertrudis beef bull. He combines desirable breed character with structural soundness and breed leading EBV for scrotal size. Tremendous volume and capacity illustrated here in a phenotype that meets a wide range of market specifications. Semen has recently sold back to the US. 30 sons sell in this years sale demonstrating the prepotency of this signature sire. Early progeny have won Calf Champion bull at Beef 24, Grand Champion at North Coast National and Junior Champion at Inverell feature show.

COMMENTS

Queens Council was purchased in 2021 for \$40,000.

A homozygous sire that is repeating the genetic strength of his sire Moongana Karachi who sold for \$42,000 after winning Reserve Senior Champion bull at Brisbane Royal. 12 sons sell in this years sale illustrating the repeatability in this bull. Tremendous breed character, sound structure and has to be appreciated for his depth of body. Producing outstanding females and sons with a son winning Interbreed Champion Bull at 2025 Inverell Feature show and being retained by the stud, while a daughter stood reserve junior champion heifer at the same show. Another son was Junior champion bull at the same show! Selling 10 straws and 10 registrations.

COMMENTS

A quality female standing on good bone, displaying good breed character and expresses good constitution. Her mother N25 has produced 4 progeny with a heifer recently weaned (2 classified heifers), 1 retained in the stud while another sold to Nigel Ellverson for \$3,500 at 2023 sale. A commercial bull sold in 2024 privately. Ranks top 10% for 400 and 600 day growth, rump fat and terminal index. Sells with one straw in Yarrawonga Spartacus entitling the purchaser to one registration.
