Purchased by NIOA (7/8 share) and RL Pastoral (1/8 share) for what remains the current Australian Record price Santa Gertrudis bull selling for \$250,000 in 2022. A grandson of the legendary Yarrowonga Corvette, Spartacus epitomises the modern-day Santa Gertrudis beef bull. He combines desirable breed character with structural soundness and breed trait leading EBV's for 200 day growth, along with Scrotal size. Tremendous volume and capacity illustrated here in a phenotype that meets a wide range of market specifications. Exclusive Semen rights have recently sold back to the United States. 31 sons sold at the 2025 NIOA RL Sale to gross \$380,900, top at \$32,000 and average \$12,250. Early progeny shown have won Calf Champion bull at Beef 24, Grand Champion Bull at North Coast National (2024 and 2025) and Junior Champion heifer at Inverell feature show. Both NIOA and RL Pastoral have retained Spartacus sons for use in their respective studs. Eligible for export to Brazil, Argentina, Paraguay and South Africa.
