WORD OF WELCOME - ROB SINNAMON

On behalf of the Nioa and Sinnamon families we extend a very warm welcome to valued clients (new and old), business associates, friends and family; to our new sale partnership between the NIOA and RL Pastoral Companies.

This sale represents the most diverse offering of bloodlines you will see at any sale in Australia this season. The best of the most recent North American bloodlines are offered along side some of the oldest and most proven bloodlines here in this country. It is almost unprecedented to see at one sale the blending of such a wide spread of genetics.

We are excited to launch this new sale as we collectively continue to grow and expand our Santa Gertrudis Seedstock program. I am privileged to now have been involved in the Santa Gertrudis business since the Sinnamon family commenced breeding Santa Gertrudis in 1970. My journey with the breed has provided me personally with many opportunities for which I am most grateful. I would like to pay particular mention to the late Mr Baillieu Myer and Mrs Sarah Myer for the opportunity they afforded Lorraine, Andrew and myself in entrusting the management, development and growth of Yulgilbar Pastoral Company for the past 20 years to us (completed in March this year). Their support during that time enabled opportunity for the growth of our personal business interests for which we will be forever grateful.

People do business with people and these relationships are important to us! It is important to both the Nioa and Sinnamon families that we continue to maintain, foster and grow these opportunities; whether they are with long established and valued clients; or new! Repeat custom is vitally important as we grow and always the best endorsement of what you do!

Recent years has seen Australian Agriculture exposed to all the elements, high and low; along with unprecedented times globally, with society in general learning to live with the Covid pandemic.

The world has forever changed and how we do business now has also had to adapt to new ways of doing business. Online interaction is now commonly accepted, as is how we offer our product for sale!

WORD OF WELCOME - ROB SINNAMON

This will be evident to those interested in this years offering.

All lots will be penned for physical inspection adjacent the historic Talgai Homestead, while the physical sale will be conducted in the comfort of the expansive Homestead verandah surrounds and the auctioneer will call the bids off Large video screens of every lot. Should a potential buyer be outbid on their initial chosen lot, they can now safely return to view the bulls yet to be sold without any risk to welfare and safety as the bulls will not be leaving their pens .

For those unable to attend in person; both Auctions Plus and Elite Livestock platforms will provide online opportunity to bid. And of course phone bidding will be available for those more comfortable to operate in this way. Both Shannon Gardner (Manager of Talgai Homestead) and myself will be available to discuss the sale cattle at any time up until the sale and we look forward to assisting .

Rob and Eliza Nioa have generously donated a personalised Shotgun for the buyer of the top price “NIOA” bull and the Volume buyer of NIOA bred lots; while Rob, Lorraine and Andrew Sinnamon have donated a weekend at “Casa Del Rio” in the Yamba hinterland to the top priced Riverina bred bull and also the volume buyer of their breeding program.

ROB SINNAMON

The Australian Beef Cattle industry has enjoyed now recently record times, that have reset the bar in terms of values. This much needed reset in values have enabled renewed growth in Rural Industry. As producers inject funds back into their business in terms of genetics and property development ,the flow on effect into local communities has seen renewed optimism in Agriculture and Regional Australia.

Thankyou for your interest in what we have on offer and we look forward to welcoming all to the Nioa & RL Pastoral Company’s Production Sale at Talgai Homestead, Allora, QLD. Auction commencing at 2pm.

NIOA & RL Pastoral Bulls have been semen + morphology tested and soundness evaluated by Ced Wise Veterinary Services, Glen Aplin, QLD

Dr Ced Wise

Mobile| 0428 718 640

Fat /Eye muscle scanned—Roger Evans

Guarantee: All Riverina and NIOA Santa Gertrudis cattle are guaranteed breeders. To ensure the highest degree of confidence with regards to your purchases, all sale bulls are soundness evaluated, semen and morphology tested prior to sale to ensure we have taken every step to ensure your purchases aren't fit and ready to work. Any claim against the breeding ability of any animal should be made in writing and accompanied by a veterinary certificate within 6 months of sale. In the event of an animal failing to breed, it may be either replaced with an animal of comparable value or credit will be given to be used at the following sale or on a private sale animal.

Vendor Rebate: The vendors agree to pay 4% rebate to outside agents who introduce buyers in writing at least 24 hours prior to sale, accompany client to sale and settle all accounts in full no later than Thursday 8th September 2022.

2% rebate to all agents who introduce buyers at least 24 hours prior to sale and settle in full all accounts no later than 8th September 2022.

Delivery of all sale cattle will be handled only through the delivery agent (Ray White) and no cattle to be loaded without approval of agents.

No bulls are to be mixed in yards prior to loading, with point of delivery being designated at the Talgai Homestead sale yard facility.

Settling Agent is Elders. All accounts to be settled with Elders and we ask that the Buyers instruction sheet at the back of the sale catalogue be completed and handed in at the completion of the sale.

NIOA and RL Pastoral Bulls have been vaccinated for/with:

- Botulism
- 7-1
- Pestigard
- Vibrio
- 3 day sickness
- Blooded for tick fever

Both herds are rated Johnnes JBAS –6.

Online Bidding| The sale will be interfaced with both Auctions plus and Elite Livestock Auctions. We encourage bidders to pre-register to ensure successful connection and approval to bid.

All lots will be photographed and videoed prior to sale and be able to viewed on both sale platforms along with the web site pages for NIOA Pastoral and RL Pastoral.

Buyer disclosure: NIOA & RL Pastoral Company's are separate business entities.

HOW TO REGISTER with ELITE LIVESTOCK AUCTIONS

Welcome to the new age of selling livestock in Australia and **"Happy Bidding"**

-  1 Simply go to www.elitelivestockauctions.com.au using your desktop, laptop, iPad, iPhone or android device
-  2 Click on the **"Sign Up"** page / link
-  3 Create a bidding profile using the bidder registration page.
(You can either register as a livestock agent, company or private buyer.)
-  4 Agree to the Elite Livestock Auctions Terms & Conditions and the Selling Agents Sale Terms & Conditions as printed in the official Sale Catalogue
-  5 Click **"Register"**
-  6 You will then be notified by email that an account has been created

-  7 Once an account has been created you are all **"Set to Bid"**
-  8 Each auction can then be viewed by clicking **"Live Auction"** logo on the Elite Livestock Auctions website
-  9 Once you receive email notification that your account has been created please go to the sale you wish to bid at and click **"Request to Bid"**
-  10 The sale agents will then approve your application to bid and on the sale catalogue you will see **"✓ Bid Request Approved"**
-  11 On Sale day simply login, click **"Enter Auction"** on the catalogue page and you can start bidding.
(There is no need for software download)
-  12 At the completion of the auction, invoicing will be carried out as per your registration details by the Selling Agents.

RIVERINA SANTA GERTRUDIS - STUD 1070

Owned and operated by RL Pastoral Company Pty Ltd.
Stud #1070 was established in 1977 by Rob Sinnamon.

Originally located on the Sinnamon family property at Harlin in South- East Queensland. Riverina was based on predominantly Robenlea bloodlines owned by Rob's parents-Ron and Lynley Sinnamon at that time. St Helena and Bolinda Vale females were also acquired in the early years.

Riverina was run in conjunction with Robenlea until 1988, with progeny bred, subsequently integrated into this herd as Rob became a partner in the Sinnamon family "Robenlea" Santa Gertrudis business. The cattle were initially run at "Torryburn" at Harlin (1977-1994), Dingyarra at Toogoolawah (1987-2002) and later at Peek-a-doo, Taroom (1998-2002). Notable cattle produced during this period included, the \$38,500 top price bull at the 1988 Annual Robenlea Sale – Riverina Jim Beam purchased by Murrumbo Santa Gertrudis Stud. Riverina Julia was also a top female selling privately to Dave Christensen for \$25,000 in 1987.

With the dissolution of the Sinnamon family partnership in 2002, Rob, Lorraine and Andrew Sinnamon moved to manage Yulgilbar Station at Baryulgil in North- Eastern NSW for the Baillieu Myer family. A small number of Santa Gertrudis females were moved to Yulgilbar at that time. A top quality Yulgilbar female (Yulgilbar Wine) was subsequently acquired by son Andrew who went on to win Reserve Senior Champion Cow at the 2005 Brisbane Royal as well as winning multiple interbreed championships throughout Northern River Shows.

By 2012 Rob and Lorraine began progressively purchasing at auction several Yulgilbar Stud females and began to build their stud cattle numbers once again.

Riverina was fortunate to be able to sell sale progeny through the Yulgilbar Annual Production Sale, with the stud's cattle regularly been amongst the top money earners at this annual event with Riverina bred bulls topping the 2014 Sale and 2nd top money at the 2018 (\$31,500) and 2021 (\$28,000) sales, respectively.

2017 saw Rob and Lorraine Sinnamon purchase the Kyogle district property "Mayfield" as a future base to accommodate the growing number of top-quality stud females. At this time Rob and Lorraine commenced trading their personal business interests as RL Pastoral Company. Rob Sinnamon has long advocated breeding "Industry Focused, Commercially Relevant Cattle" right back to his Sinnamon family partnership days at Taroom and the Brisbane Valley. The Riverina Santa Gertrudis herd has been bred based around this philosophy. Rob's past 20 years experience as General Manager at Yulgilbar Pastoral Company saw this adoption of breeding cattle based around this criteria, with exceptional success in validating the direction of his breeding objectives through wide success in steer and carcass competitions.

Rob has long applied these values to the breeding program at Riverina, underpinning his convictions and backing his judgement, by continually sourcing and purchasing at auction, (for full disclosure) base genetic's for Riverina from the best seedstock cattle he bred at Yulgilbar for the Baillieu Myer family.

RIVERINA SANTA GERTRUDIS - STUD 1070

The Female Herd

In addition to the purchase of genetics, encompassing the most successful bloodlines from Yulgilbar, Riverina has acquired further top priced females from several Santa Gertrudis seed stock producers at auction including -

- Bullamakinka
- Diamond H
- Kemmis Creek
- Tookey Creek
- Tyndale
- Wellbach
- Burramurra
- Nangaringa
- Gylanda
- Jamar

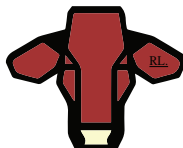

In 2018 longtime client of the Sinnamon family, Clinton Wheatley from Western Australia also approached the growing business and subsequently entered a joint venture with Riverina on several elite females that Clinton has purchased with the resultant progeny thru Embryo transfer, IVF and natural production being sold in partnership. Successful show cow – Yulgilbar Mississippi M75 was purchased for \$30,000 in 2018.

Yulgilbar Nightingale (sired by the 2015 US National Champion Sire –777 Vegas 411) (P) sold privately for what is believed to be an Australian record for a Santa Gertrudis Female (\$50,000) in 2019.

2021 saw further elite purchases include the \$25,000 Mugona Magenta (P) and the \$20,000 Jamar Ribbon (P).

The Spring of 2021 saw the stud mate 150 stud females.

Embryo transfer and IVF continue to be utilized to multiply high quality genetics, including semen from Red Doc Never Better (USA) sold in the US for \$197,000 AUD; along with the acquisition of embryos from Glen Oaks star show female – Glen Oaks Kismet.

RIVERINA SANTA GERTRUDIS - STUD 1070

Sire Power

The current Sire Battery has seen a significant investment in high performance sires.

- Yulgilbar Las Vegas(P) sired by Yarrawonga Drover (P) for \$30,000
- Yulgilbar Major General (PP) by Cardona Nardoo (P) for \$31,000
- Yulgilbar Platinum (PP) sired by Cardona Patterson (P) for \$28,000
- Yulgilbar Queens Council (PP) sired by Moongana Karachi (P) for \$40,000 (Sire of the Future)
- Bullamakinka Rocky (P) sired by Bullamakinka Diplomat (P) for \$130,000 (Sire of the Future)
- Tookey Creek Northern N4 (P) sired by Waco Einstein (purchased as a calf at foot on his mother)
- Cardona Steamboat (P) S127 sired by Cardona Perfecto P55 (P) purchased for \$26,000 in 2019

Sale Cattle are available both privately and by Auction. March 2022 saw Rob and Lorraine complete a 20 year term with Yulgilbar Pastoral Company. The Sinnamon family are excited to again continue to grow and expand their private business interests, trading as RL Pastoral Company.

In April 2002 Rob and Eliza Nioa (Nioa Santa Gertrudis Stud), along with Rob and Lorraine Sinnamon signed a strategic partnership agreement that see's the 2 operations agree to market together their seedstock moving forward. Separately Rob Sinnamon is now also providing advisory services to Nioa assisting in the ongoing growth of the Nioa Pastoral Company including their seedstock operations.

Rob operates his advisory Services under RL Pastoral Advisory Pty Ltd and is available to consult.

RIVERINA SANTA GERTRUDIS - STUD 1070

Cattle Selection and Breeding Philosophy

RL Pastoral Company advocates a balanced assessment criteria for cattle selection. This combines visual appraisal for structural soundness , temperament and overall conformation.

Fertility testing and soundness evaluation are considered essential tools. All bulls are soundness evaluated ,manually palpated for crush side semen collection by Ced Wise AB; and morphology tested at Rocky Repro. Rob believes semen and morphology testing should be about assisting the stud master ensuring all bulls offered for sale are fit and ready for work.

Herd Health Vaccinated for/with 7-1, 3 day sickness, vibrio, botulism, pestigard and tested negative for Pestivirus. Sale bulls are blooded.

Prudent consideration of raw measurement data including weight, daily weight gain, frame score, actual scrotal measurement, eye muscle area and fat scans.

Full support of the Classification system

Riverina Santa Gertrudis stud is registered with Santa Gertrudis Group breedplan (full group breedplan figures across multiple traits will be available on the supplementary sheet provided prior to sale).

Riverina Santa Gertrudis cattle have adopted the use of DNA testing including testing for Horn/ Poll, parent verification, and implementation of Single Step genomically enhanced EBV's along with verification of testing free of Pesti virus.

Rob Sinnamon believes that selection of extremes should always be approached with caution. He advocates that single trait selection for any characteristic is dangerous and lacks balance in any breeding program. The use of a combination of the many available "tools" for selection in the industry today is valuable and allows the discerning cattle person to be far more informed about livestock selections than ever before.

RIVERINA SANTA GERTRUDIS SHOW RESULTS

Riverina Santa Gertrudis Stud returns to the show ring with wins at Grafton Show and Casino Beef Week

Rob and Lorraine Sinnamon recently returned to the show ring under their own personal stud prefix - Riverina Santa Gertrudis Stud.

Following completing a 20-year term as General Manager of Yulgilbar Pastoral Company, the Sinnamon family, now trading as RL Pastoral Company exhibited at the recent Grafton Show along with Casino Beef Week with remarkable success.

Their Riverina Santa Gertrudis Stud prefix was first registered 45 years ago by Rob in 1977. They were delighted to win the Junior Interbreed Bull Classic with Riverina Relegator R46(P) under lights, competing against fierce competition from British bred, European, and Tropical breeds under judge Lachlan Trustrum.

Relegator is sired by Cardona Steamboat purchased from Cardona in 2019 for \$26,000 and from a Bullamakinka female. He sells as Lot 11 at the upcoming Nioa RL Pastoral Production Sale to be held at 2pm at Talgai Homestead, Allora. QLD on Thursday 1st September.

The next day in the Tropical breed ring this time under Roger Evans as judge, Riverina Roland Sanchez R88(PP)(ET) was successful in winning Reserve Junior Champion Bull. This young sire is by the North American bred sire -Red Doc Never Better (P) who sold for \$196,000 AUD in 2019 and is from the highly decorated show cow Yulgilbar Nightingale (P). She was sired by the 2015 US National Champion Bull in 777 Vegas 411(P). Nightingale sold in 2019 to Clinton Wheatley from Western Australia with all subsequent progeny being bred in partnership with RL Pastoral Company.

Rob considers this young homozygous poll sire who is 75% outcross American Santa Gertrudis blood, to be amongst the best he has had the opportunity to breed and has reluctantly decided to sell this bull, offering him as Lot 9 at the NIOA RL Pastoral Sale. RL Pastoral Company will retain a semen share in the bull. Rounding out a successful couple of weeks, Riverina Ricardo R88 (PP) stepped up at the Casino Beef Week winning Junior Champion Bull and Supreme Exhibit all- breeds of the show.

Held in the Main Street in Casino, "Casino Beef Week," long regarded as a much-coveted Stud Beef Cattle event in NSW; with huge crowds flocking to the town for this Annual Celebration of Beef; in what is argued by those South of the Border as the Beef Capital of Australia!

Ricardo is by the celebrated \$52,000 Cardona Patterson P53 and is an ET Half-brother to Roland Sanchez again out of the Super cow in Yulgilbar NightingaleN55(P). This exceptional Stud Sire prospect heads the draft of 21 bulls to be offered by RL Pastoral Company (Sells as Lot 8), in conjunction with Nioa Santa Gertrudis where 52 bulls, a show prospect led heifer and 3 genetic packages being offered by IVF will be offered in 3 of the best females bred at Nioa.

NIOA SANTA GERTRUDIS

NIOA Santa Gertrudis Stud was established by Rob and Eliza Nioa in 2014 following the purchase of Talgai Homestead at Allora in South East Queensland.

Rob and Eliza have a passion for striving for, and achieving “A High Standard of Excellence” for breeding the best possible seedstock and continue strive to source, breed and produce the best available cattle in the business.

With a focus on high-performance polled cattle that retain power, fertility and soundness that the Santa Gertrudis breed is renowned for; the stud set about building an Elite breeding herd. The herd under management from Shannon Gardner has grown to 110 of the best Stud females available in the business.

The broad extent of procuring cattle from a wide and diverse selection of Santa Gertrudis Stud Breeders, has seen blending of bloodlines not common in the breed with exceptional results. This has been achieved through extensive utilisation of Embryo transfer, IVF and artificial insemination programs, along with sourcing high performance sires for natural breeding. Females have been sourced from studs including: Bullamakinka, Goolagong, Glen Oaks, Talgai, Rosevale, Riverslea and Yulgilbar. The IVF program has been strongly supported by Gylanda and Rosevale Studs, providing performance orientated genetics to contribute to the depth of breeding now seen in the Stud. Semen has been selectively sourced and has been used as well as the best NIOA Bred Sires. An early “Key” foundation sire has been Wave Hill Jager J14 (PS). He was purchased at the 2015 Santa Central Sale for equal top price of \$67,500 after winning Grand Champion Santa Gertrudis Bull at the Brisbane Exhibition. Jager exceeded expectations as a dominant, prolific sire, passing on his do-ability and relaxed temperament to his progeny. Notable progeny have included NIOA Marksman M06 (P), who won Junior and Grand Champion Bull at Sydney Royal Show 2018. NIOA also won Sires Progeny Group (Wave Hill Jager) as well as Breeders Groups the same year.

Included in Wave Hill Jager’s first crop of calves was NIOA Marksman M06 (P) who won Junior and Grand Champion Bull at Sydney Royal Show 2018. NIOA also won Sires Progeny Group (Wave Hill Jager) as well as Breeders Groups the same year.

With an outstanding show career behind him Wave Hill Jager is exceeding our expectations as a herd sire, most importantly Jager has passed on his do ability and relaxed temperament to his progeny. Our breeding herd consists of a select group of females which we have carefully sourced from various studs including, Glen Oaks, Yulgilbar, Rosevale, Gylanda, Goolagong and Riverslea. Our breeding programs over the last three years have been successful in improving the quality of our genetics. The results of our AI, ET and IVF programs show in the quality of our herd and the direction the NIOA Stud is headed.

SHANNON & KAREN GARDNER (L)
ELIZA & ROB NIOA (R)

PRESS RELEASE

NIOA-SINNAMON STRATEGIC PARTNERSHIP MAKES STRIDES FOR SANTAS

NIOA Pastoral Company has linked with one of Australia's leading stud cattle breeders as it looks to bolster its Santa Gertrudis herd on Queensland's Southern Downs.

NIOA Pastoral CEO Eliza Nioa has announced the appointment of Rob Sinnamon as Chief Advisor to the business responsible for leading genetic direction, sales and marketing at the historic Talgai Homestead near Allora.

And in a two-pronged strategy described as a "giant step forward" for Santa Gertrudis supporters, NIOA Pastoral and the Sinnamon family's Kyogle-based RL Pastoral will join forces, creating a strategic partnership to market the bloodline, starting with the newly named "NIOA RL Pastoral Production Sale" at Talgai this September.

RL Pastoral owns Riverina Santa Gertrudis which has ties to the Sinnamon family dating back to the 1970s and is famous for the #1070 prefix.

Rob Sinnamon is renowned within the cattle industry having been involved in the Santa Gertrudis breed for more than 50 years, breeding, showing and marketing top quality genetics, both stud and commercial. He and wife Lorraine recently stepped down from running the iconic Yulgilbar Station in the New South Wales Northern Rivers region where they spent two decades developing genetics and building a highly successful commercial beef cattle and farming operation.

NIOA Santa Gertrudis manager Shannon Gardner said the NIOA-RL Pastoral partnership was great news for the breed.

"This is a giant step forward," Mr Gardner said. "Rob Sinnamon is Mr Cattle Australia. He has built his reputation on producing cattle that are commercially focussed and industry relevant.

"The Riverina stud herd today carries genetics that were the best produced under Rob at Yulgilbar, while continuing to secure the best available Santa Gertrudis bloodlines available in the breed today.

"We look forward to working with Rob to promote and improve the breed."

Mr Sinnamon said there were a number of synergies with NIOA Pastoral and the two families shared a passion for producing top end Santa genetics.

"Under Shannon's guidance, NIOA Pastoral has developed an elite and diverse base of quality cattle utilising extensive embryo transfer and AI programs," he said.

"This is a win win for both operations. I am looking forward to working with Rob and Eliza and Shannon and the team at Talgai in assisting the business to produce fertile, high-performance cattle."

NIOA Pastoral set about acquiring some of the best genetics available to improve its herd when the Nioa family purchased Talgai in 2013.

PRESS RELEASE

Their strategy yielded almost immediate results with multiple successes on the regional and metro show ring circuit including Grand Champion Bull at the 2018 and 2021 Sydney Royal Easter Show.

KEY POINTS:

What is the NIOA Pastoral RL Pastoral strategic partnership?

Through RL Pastoral Advisory, Rob Sinnamon will function as a Chief Advisor to NIOA Pastoral providing professional services to NIOA in the ongoing management and development of the Santa Gertrudis at Talgai Homestead.

Additionally, NIOA Pastoral and RL Pastoral have aligned sales and marketing strategies to grow their Santa Gertrudis businesses.

Both studs will continue to operate under their respective prefixes but work together to market their seedstock under Rob Sinnamon's guidance for both prefixes.

The two businesses will continue to be owned and operated separately.

Why was it formed?

The strategic partnership was created for the mutual benefit of both Santa Gertrudis businesses with Riverina Santa Gertrudis stud and NIOA Santa Gertrudis stud working together to grow and promote their cattle operations.

What is Rob Sinnamon's role with RL Pastoral?

Rob Sinnamon will continue to build RL Pastoral Company's agricultural interests, which encompasses Riverina Santa Gertrudis Stud owned with his wife Lorraine and son Andrew.

Under the Riverina prefix, the Sinnamon family run in partnership, the progeny of a select number of elite stud females purchased by long-time client Clinton Wheatley.

Rob also continues to be a director of the Casino Food Co-op and a councillor of the Santa Gertrudis Breeders' Association of Australia.

On March 31, he completed a 20-year term as general manager with Yulgilbar Pastoral Company and has been retained by the company in a limited capacity.

SOLD FOR \$20,000 TO CLINTON
WHEATLEY FROM WA

NIOA LUCY
SOLD TO CLINTON WHEATLEY FROM WA
FOR \$50,000

NIOA SHOW RESULTS

NIOA Pastoral Company breeds consistent quality Santa Gertrudis with easy going temperaments from a small very select herd. Our cattle are the newest generation of the nation's champions backed by solid blood lines from the most established Australian studs.

The results from the 2018 Sydney Royal Easter show, including Junior and Grand Champion Bull, Sire's Progeny and Breeder's Group, highlight the direction we are taking our stud and the quality we are committed to delivering. This was backed up again in 2021 with Junior and Grand Champion Bull, as well as Senior Bull and Senior Female, at Sydney Royal Easter Show.

Should you be interested in our progeny or semen packages listed below, please contact our Manager Shannon Gardner on 0418 797 050 or email s.gardner@nioa.com.au

A BREEDPLAN Guide to Animal Selection

TIP SHEET

The breeding decisions that a beef producer makes today will have a significant impact on the genetic progress and associated profitability of their herd into the future. Profitability of the herd will be influenced by the number of calves (fertility), the weight of the calves (growth) and the quality of the calves (carcase), less the cost of production. All of these components are influenced by genetics.

With the selection and purchase of an individual breeding animal being a long-term investment, it is important that beef producers take care to select the most profitable animals for their particular production system.

BREEDPLAN BEST PRACTICE GUIDE TO ANIMAL SELECTION

BREEDPLAN recommends using selection indexes (where available) as part of a selection strategy which also includes other selection tools (e.g. EBVs and visual assessment). By initially ranking animals using an appropriate selection index, beef producers ensure balanced selection for traits important to their production system.

The BREEDPLAN best practice guide to animal selection is to:

1. Identify the selection index of most relevance to you.
2. Rank animals using the chosen selection index.
3. Consider the individual BREEDPLAN EBVs of importance.
4. Consider other traits of importance.

For more information on EBV's scan the QR code for a complete guide to Animal Selection by Breedplan.

COMMENTS

NIOA Ronaldo R32 (P) is a clean poll sire prospect that is admired for his tropical skin type, ease of movement on parade and his reproductive efficiency, being clean in the underline and displaying desirable testicular development. Given the cleanness through the forequarter and the overall structural soundness in this bull, this sire is considered suitable for heifers. Glen Oaks Macey has produced 9 calves and has been used in ET and IVF programs (6 have classified and 3 daughters have been retained in the stud). R32 ranks in the top 10% for 200, 400 day growth and also mature cow weight. R32 a half brother sells as lot 36.

COMMENTS

Homozygous Poll. The real performance sire in the Nioa draft. Carries the strength of traits typical of his sire and really packs some serious carcass expression into his long strong spine with tremendous volume and capacity. Loads of breed character and awesome balance in this top shelf sire. Reproductively clean in the underline with desirable testicular development. Rosevale K413 has produced 6 progeny (2 daughters retained, a sale bull last year selling for \$5,000 to Inverclyde. A further bull died and Lot 33 is also a son. R30 ranks in the top 5% breed for milk, top 10% for 200 day growth and eye muscle area.

Strongly designed, powerful sire prospect! Estimated breeding values rank this sire prospect in the top 5% for 200, 400 and 600 day growth indices, along with eye muscle area. Through natural production, ET and IVF Rosevale Jade A535 has been a prolific and successful breeder in the Nioa Breeding program. She has produced 15 progeny with 12 classified. 3 sons sold at last year's sale selling to a top of \$19,000 to Greenup stud and average of \$14,000. A daughter also sold to Lindsay Park for \$6,500.

Homozygous Poll. Ricardo is one of the most complete, well balanced and structurally correct sons of Cardona Patterson yet seen. Superb temperament, good bone combine with a near perfect soft tropical skin type. Love the length and depth of body in this Stud Sire prospect. An ET son of the \$50,000 Yulgilbar Nightingale who is a daughter of the 2015 US National Champion in 777 411 Vegas (P) (USA). Nightingale has had 6 progeny to date with her first natural calf selling last year for \$14,000 to Peter Hughes. 2 sons feature in this sale while 3 daughters have been retained. Further embryos by IVF have been recently collected. Ricardo was Junior Champion all breeds bull at Casino Beef Week before being awarded Supreme exhibit for 2022. Ricardo ranks in the top 5% breed for 200 day growth and top 10% for 400 day growth EBV's.

Homozygous Poll. Roland Sanchez R88 (ET) (PP) is sired by the 2019 record price Santa Gertrudis bull - Red Doc Never Better (P) (USA) sold in the United States for \$197,000 AUD. He is the first son of this globally recognised sire to be offered for sale in Australia. He is a (ET), homozygous poll son of the 2019 Reserve Senior Champion Cow - Yulgilbar Nightingale N55 (P) from Brisbane Royal who sold for \$50,000 to Clinton Wheatley from Western Australia. Nightingale is sired by the 2015 US National Champion bull 777 411 Vegas (P) (USA). Nightingale has had 6 progeny to date with her first natural calf selling last year for \$14,000 to Peter Hughes. 2 sons feature in this sale while 3 daughters have been retained. Further embryos by IVF have been recently collected. Her mother was an own daughter of Yulgilbar Governor (PP)- the best son bred from Warena Sahara (PP) - Australia record price sire sold in 2007 for \$80,000.

Remington is similar bred to the previous lot being 75% US Santa Gertrudis bloodlines. Similar style and makeup to Lot 9 attracting favourable attention by many commercially orientated cattle breeders. Built strong with loads of performance. Since a calf admired for his strength of bone, soft pliable skin type and optimum carcase expression. An easy doing bull exhibiting volume and capacity while exhibiting desirable Santa Gertrudis breed characteristics that are indicative of maternal grandsire. Nigella was purchased by Clinton Wheatley for \$12,000 with Remington being her first. A heifer recently weaned.

Relegator has to be admired for his superb outlook of a sire prospect. His amazing balance is compounded by his structural correctness, tight underline, clean coat type and ideal Santa Gertrudis Breed Character. Fluent on parade and eye catching what ever angle he presents. Relegator won the strongly contested Grafton Junior Interbreed Bull Classic competing against outstanding Tropical, European and British Bred young sires. Bullamakinka P135 was purchased by Clinton Wheatley with Relegator her first calf while a heifer has been recently weaned. Relegator ranks in the top 5% breed for 200, 400 and 600 day growth EBV's.

Another son of the Show champion female, Yulgilbar Mississippi. Mississippi was purchased by Clinton Wheatley for \$30,000 and has produced 12 progeny to date thru both natural production and ET. 6 sons have sold to a top price of \$18,000 to average \$12,166. Incredible muscle design here that is compounded by his desirable length of body and tight underline. Slick skin type and preferred temperament. Roma ranks in the top 1% breed for 400 day growth and top 5% for 200 and 600 day growth.

COMMENTS

Another bull suitable for seedstock production. Long deep and correct! Superb breed character, clean underline and considered suitable for use on heifers. He is the first calf from N17 with a heifer recently weaned. R6 ranks in the top 1% breed for 400 day growth and top 5% for 200, 600 day growth and mature cows weight.

COMMENTS

Dehorned. The carcass traits exhibited in this structurally correct commercially orientated bull are well illustrated by the overall balance in this sire prospect. Tremendous thickness and overall definition of muscle are well evident in this bull from the desirable extent of volume through his rib cage. Extending through to well set pins and thickness extending into his lower thigh. Clean sheath from a reproductive standpoint. His mother L11 first son sold to Tim and Alison Kirkwood from Disney, Clermont for \$9000. R16 ranks in the top 5% breed for 200 and 600 day growth and top 10% for 400 day growth.

COMMENTS

A large framed, long bodied sire prospect. Exhibiting desirable Bos Indicus characteristics typical of his sire Cardona Patterson, who sold for \$52,500. Really admire his depth of body and body capacity. A maternal half brother to Lot 3. Rosevale K413 has produced 6 progeny (2 daughters retained, a sale bull last year selling for \$5,000 to Inverclyde). A further bull died.

COMMENTS

Long bodied and clean underline are amongst the commercially relevant traits of this sire. If you are looking to improve rib and rump fat and add IMF, this sire prospect ranks in the top 1% of the breed recorded for these traits. Also ranks in the top 10% for scrotal size and days to calving. Full ET brother to Lot's 5 and 34 in this year's sale. His mother has had 8 calves (7 classified). A daughter has been retained in the stud.

Long bodied with desirable Santa Gertrudis breed character. His mother F9 has produced 9 progeny (5 classified, 1 not yet presented). A notable son produced was Riverina Lord Mayor selling for \$31,000 to Dunlop Cattle Company in 2018. Sons of Lord Mayor featured prominently and sold well in last years Dunlop sale. Another son sold as a herd bull, 2 daughters retained in the stud, R28 and a heifer recently weaned.

COMMENTS

Admire the length of body in this young sire who completes the Riverina draft. 4 recorded progeny since purchased from Yulgilbar, 2 sale bulls, R10 and a heifer.

COMMENTS

A top quality daughter of the leading AI Sire Cardona Patterson. She will be exhibited at Brisbane Show. Superbly feminine, and classic Angular in shape. Really admire the breed character in this great young matron. Recently calved.
 She is the first recorded calf of Nioa Helena N06 with a bull calf recently weaned.
 The flush will be conducted under the supervision of the vendor. The successful purchaser will stand the cost of the collection. The purchaser has the offer of using semen from any NIOA owned sire that semen is currently collected, or a outside bull of the vendors choice at buyers expense.

COMMENTS

A quality female offering a blend of industry leading genetics seldom blended. Superb balance and structural correctness in this eye pleasing female. Will be exhibited at the Brisbane show with a calf at foot. Her mother has produced 9 progeny through embryo transfer. Lot 2 in this years sale is a full brother confirming the strength of genetics in this genetic package. A half sister sold at last years sale for \$6,500 to Stephen Butcher.

The flush will be conducted under the supervision of the vendor. The successful purchaser will stand the cost of the collection. The purchaser has the offer of using semen from any NIOA owned sire that semen is currently collected, or a outside bull of the vendors choice at buyers expense.

COMMENTS

Another daughter of Cardona Patterson that will be shown at Brisbane Show with a new born calf at foot. Awesome breed character with a desirable skin type and feminine outlook. Loads of volume and capacity here demonstrating desirable constitution. Her mother has produced 6 progeny to date including Nioa Quarterback selling for \$20,000 to John McLaughlan at last years sale.

The flush will be conducted under the supervision of the vendor. The successful purchaser will stand the cost of the collection. The purchaser has the offer of using semen from any NIOA owned sire that semen is currently collected, or a outside bull of the vendors choice at buyers expense.
